FOR IMMEDIATE RELEASE

VMAC Adds New Sales Rep to Growing Region

Friday, June 17, 2016 - Nanaimo, BC - VMAC is pleased to welcome Mr. Dean Gary to our Outside Sales team. Dean will be serving Wyoming, Colorado, Nebraska, South Dakota, North Dakota, Michigan, Minnesota and Montana.

Dean brings with him more than 25 years of progressive sales and management experience in the automotive and heavy equipment industry. He began his career as a diesel technician for Butler Machinery in Fargo, ND where he worked for 10 years, leaving as a shop service manager. His first sales position was at Wallwork Truck Center, also in Fargo, after which he spent eight years with Summit Truck Equipment as a territory sales rep. Over the years, Dean has held a variety of sales positions including territory manager and sales representative, and has represented manufacturers in the sale of trucks, trailers, snow plows, cranes, air compressors and other truck accessories.

"Dean's broad experience selling service trucks and tools gives him first-hand understanding of the needs of the end-user which will be extremely beneficial to VMAC's dealer network," says Gordon Duval, VP of Marketing and Sales. "We are thrilled to have such an experienced representative in this region to serve VMAC customers and dealers."

"I've lived in the region my whole life and have worked in the industry my entire career," Dean said. "I'm looking forward to using my knowledge to help our end-users and dealers make the best choices for their compressed air needs."

About VMAC

VMAC Global Technology Inc. was founded in 1986 and is an award-winning world leader in the design and manufacture of truck mounted mobile air compressor systems used in a wide spectrum of industries including oil and gas, mining, transportation, mobile tire service, municipal operations and public works.
